Hi Michelle,

See attached. Not much information on this one...

**Subject:** Re: Elk Hills Power injection well locations.

Thanks very much for passing this along John. If its all right with you, I would like to contact Brandon directly for a bit of clarification. We have seen some of this information on Attachment C of the State's letter of May 15, 2015. This information looks like it was retrieved from the DOGGR database of Class II wells which does not reflect the current operating status of the three EPA permitted Class I wells. I need to confirm that the locations are correct in order to be certain that the information we are getting from you about the water supply wells is accurate.

Thanks again.

Sincerely,

Michele

Michele

Please see if this helps.

John

**Subject:** Elk Hills Power injection well locations.

Hello John,

This is the readily available information I have on the three EPA permitted Class I injection wells operated by Elk Hills Power (California Resources Corporation). Thanks for your assistance.

<u>Well Number</u>	<u>Location</u>
35-18G	2320.3' FSL and 1890.5' FWL of Section 18-T31S-R24E
25A-18G	2364.6' FSL and 1196.0' FWL of Section 18-T31S-R24E
35A-18G	2368.2' FSL abd 1531.2' FWL of Section 18-T31S-R24E

Sincerely,

Michele
